

ACC Application/Approval Form

1. Date: _____
2. Residents Name: _____
3. Address where project will take place: _____
4. Telephone: _____
5. Primary Email: _____
6. Project Start Date & Completion Date: _____
7. Project Details: (Add additional sheets as necessary) _____

8. In order for the LV Architectural Control Committee to properly review your project the following documentation must be provided when this application is submitted. Depending on your project, all or only some of this documentation may be necessary for the ACC to determine approval or denial. It accelerates the process if all needed information is provided at submission.
 - a. A design plan depicting the location and dimensions of the existing and proposed improvements.
 - b. A structural design drawing which includes exterior elevations, exterior materials to be used, colors, textures, and multiview drawings/pictures that accurately show what the finished project will look like.

- c. If your project involves changes to grading, slope, and/or drainage of the property, you must include drawings that reflect these modifications for review.
- 9. To view the exact details of how the review process will work, please refer to Article VI, Section 6.04 of the Third Amended and Restated Declaration of Covenants, Restrictions, and Easements for Lago Vista HOA.

10. Applicant's Signature _____
